Script As you watch the video, try to fill in the missing language.

Bebe: You guys! You guys! Oh my gosh! Oh my gosh!

Red: What is it?

Nelly: What happened, Bebe?

Bebe: Clyde just sent me another text.

Nichole: Oh, what's this one say?

Bebe: I texted him if he thought about me all the time, and he texted back, "It certainly seems like all the time. It's hard to get someone like you out of my mind."

Bebe: Doesn't he just send the best texts ever?

Nelly: Yes, yes, he sure does.

Bebe: Yesterday, I texted him, "How do you know you're in love with me?" And he said, "I know I'm in love with you because spending time with you makes me feel like I'm home, and I can't imagine life without you."

Red: That's so sweet!

Wendy: Clyde wrote that?

Bebe: "OMG, Clyde! Do you really care about me that much?"

Red: Does Stan ever talk to you like that, Wendy?

Wendy: No. Every time I send Stan a text, he just responds with a thumbs-up emoji.

Bebe: Yeah, well, Clyde is just really into me. Oh, he's texting back.

Bebe: "Yes. I do care about you that much. You mean a lot to me and I care deeply about you."

Betsy: He sure is in love with you, Bebe!

Red: He's a goddamn dreamboat!

Wendy: Hey, Stan. Is there a time we could talk today? I'm feeling a little insecure about some things.

* * * * *

Stan: Hey, Clyde, can I talk to you?

Clyde: Sure, bro.

Stan: Well, um, Wendy just came up to me and was acting all hurt 'cause she thinks I don't care about her.

Clyde: Uh-huh.

Stan: Well, she says that she wishes I would reply to her texts the way that Clyde responds to Bebe. So, like, how do you do it?

Clyde: ChatGPT, dude.

Stan: ChatGPT?

Clyde: Yeah, dude. There's a bunch of apps and programs you could subscribe to that use open AI to do all your writing for you. People use them to write poems, write job applications, but what they're really good for is dealing with chicks.

Clyde: Here, check it out. There's tons of Chat GPT apps for your phone.

Clyde: So, then I can take whatever latest dumb thing Bebe texted me.

Wendy (text): *Do you think I'd look cute if I cut my hair short?*

Clyde: I copy it, then I open the GPT app, click "Respond to", paste her text here, hit write. It just thinks for a second. "You would look great with any length of hair! Trying a new look could be fun." Copy that into messages, and send it off.

Clyde: It's super easy and convenient, and it saves me a ton of time because she texts me so goddamn much.

Clyde: Jesus Christ! "I probably won't do it, but thanks for being supportive." Cut. Paste. Write. Cut. Messages. Paste. Send. There.

Clyde: All done with her stupid shit.

Stan: This is a real app?

Clyde: It'll completely change your life, bro. Just, uh, just don't tell anybody, huh? If Bebe found out, I'd be a dead man.
